**Gromit
UNLEASHED 2**

This year we have been lucky enough to get our very own Gromit called The Howl and whilst we may be a little bit bias we think he is adorable. Our Gromit is helping us raise money to support an exciting new project (check out the video on the App when you visit The Howl).

However, we also want to join in the fun, so from the 6th – 12th August we will be sharing all things Cardiac on our hospital Facebook page so please keep an eye out... we love hearing your stories.

BUT as a special event we would love as many of you as possible to pop up to say hello at our Gromit on the 9th August. We have put the address below so you can find us...The Royal West of England Academy (RWA) which is where our Gromit is living has been amazing and we have free access to the whole gallery. They have an amazing area upstairs with a balcony which we can use to say hello after photos outside.

You may have seen or read about The Heart of the Matter exhibition which RWA are hosting...this will be on when you pop up to say hello, so you can have a look around this too...we have had a sneaky look and it's great.

If you would like to kick off your Gromit hunt or just pop up and say hi at from 2- 4pm on the 9th August that would be amazing, but to make sure we have plenty of cake please can you let us know by contacting Dean on dean.barry@uhbristol.nhs.uk.

Hope to see you there,
