

Summer 2022 Focus on.. Education!

**Coming soon..
Ward based
bitesize
teaching**

**Upcoming
ACHD
study day
October 18th
in Bristol**

We will be re-introducing regular 'bite size' teaching slots on ACHD on the adult Cardiology wards.

Teaching will cover a range of topics including anatomy & physiology and care/support of ACHD patients

A free study day with a variety of ACHD information on: Right Sided Lesions, Ebstein Anomaly, Tricuspid Atresia, Fontan & Pulmonary Atresia

For further information/ book via rachel.burrows2@bristol.nhs.uk

Now Recruiting.. ACHD Link nurses!

We are offering the exciting opportunity to join our group of ACHD link nurses across South Wales!

We offer continuous support, education and hold bi-annual study days empowering the care and support of ACHD patients

If you are interested in becoming a link nurse - get in touch!

Teaching boards

With support of our link nurses we will be regularly updating our teaching boards in clinical areas with a

'Lesion of the month' ACHD topic..

Keep a lookout for a teaching board near you!
