

ADULT CONGENITAL HEART DISEASE CLINICAL NURSE SPECIALISTS

We provide support for inpatients and outpatients, and provide a telephone advice line. Please note this is a **9am-5pm** service. If we are not available, please leave a message on our voicemail and we will get back to you.

Direct line: 0117 342 6599

Via switchboard: 0117 923 0000 – Bleep 3393

Email: ubh-tr.achdclinicalnursespecialist@nhs.net

South Wales and South West Congenital Heart Disease Website:
<https://www.swswchd.co.uk>

What does the website contain?

We have a section aimed at patients with a congenital heart condition and their families. It contains a selection of:

- Stories from patients in their own words
- Online patient information leaflets
- **Detailed information on how to get support with the many aspects of life that are affected by living with a congenital heart condition (our online support 'digibooks')**
- Information on how to get involved with the network
- A section called 'patient pathways' that contains interactive documents to help patients navigate their way through different hospital services and aims to help them understand what to expect when they need to go to hospital.
- A selection of Frequently Asked Questions and much more.
