

St Peter's Hospice: Professional's End of Life Care Series

Loss & Bereavement

The experience of long term conditions/life limiting illness brings loss and change for individuals and their families. Many practitioners lack confidence in knowing how to support someone through the impact of loss and bereavement.

Full day course just £40 per person

This one-day course is suitable for any registered practitioner (Nurse, AHP, Dr) working with adult patients with long-term conditions/life limiting illness (COPD, Heart Failure, Stroke, Neurological Conditions, Elderly Frail) within South Gloucestershire, Bristol and North Somerset.
